Details

Linux servers (Linux Distro selectable at order) with the MySQL DB Server software installed by Repositories, and configured based on your requirements.

At least 4 x CPUs and 4 GB of fast RAM and SSD RAID10 Disk arrays are provisioned with more resources available as required or if high loads are expected. Each VPS is provisioned on physical separate VPS Hosting Platforms for further redundancy.

You have full access to the Linux OS and to all MySQL and system functions and commands.

Though this is not a "managed" VPS product, Network Presence SysAdmins are available & included for 1 hour / month of phone, Skype or IM contact and on-server systems administration work.

Easily upgraded, migrated or cloned to high specification VPS Plans as req'd.

You have 24x7 Ticketed and 8am to 8pm Live SysAdmin Support included.

Please [contact us](#) with any queries you may have on this Appliance VPS.
